

CNC Machinist, Bassano

Our Company

Gentherm Global Power Technologies (GPT) is the world's leading manufacturer and distributor of Thermoelectric Generators (TEG's) and a leading supplier of Remote Power Systems. The Company's products are used extensively in the oil and gas industry as well as for telecommunications, security and surveillance and military applications. With sales into 50 countries, GPT has been providing reliable solutions for critical remote power applications around the world since 1975.

Job Purpose

Reporting to the Production Manager, the CNC Machinist will be responsible for operating, programming and maintaining a variety of CNC and other milling equipment including the following.

DMG MORI NHX 5000 (horizontal machining center)

DMG MORI NLX 2500 (CNC lathe)

MAZAK FJV-25 (vertical machining center)

Key Responsibilities and Duties

- Produce quality parts that conform to specifications, using CNC or manual machines
- Program, operate and maintain CNC machinery
- Use current and approved processes for fabrication of parts
- Inspect parts for quality and defects
- May be required to train junior machinists

Qualifications and Skills

- 5+ years of CNC programming experience is required
- Journeyman machinist status or apprenticeship status and equivalent experience
- Laser experience is an asset
- Excellent communication skills with English fluency
- Strong attention to detail
- Team player with a positive and highly motivated attitude

What We Offer

At Gentherm Global Power Technologies we care about the personal job satisfaction of our employees. We recognize the wide variety of factors that contribute to this satisfaction and encourage work life balance. Along with competitive compensation and benefits packages, we offer a respectful work environment, one which provides our employees with valuable learning experiences and career growth opportunities.

To Apply

Please submit your resume and cover letter to HR@gentherm.com quoting the job title in the subject line and tell us why you are the best candidate for the job. We thank all applicants for their interest, however due to the volume of anticipated applications, we will be responding only to those candidates who are shortlisted.
